

INNOVATE APPLICATIONS AT SCALE WITH BIQMIND

Biqmind provides specialist resources and software tools to help companies make the transformation to cloud-native possible. Our certified Azure specialists have field experience with designing and deploying large-scale migration projects across a range of industries, including financial services, telecoms and energy. From evaluating existing workloads, developing a strategic plan, performing production deployments, to mentoring your resources, we build a sustainable roadmap and equip your team to use Azure Kubernetes Service (AKS) for mission-critical enterprise applications.

BIQMIND APPLICATION INNOVATION JOURNEY

Assess Readiness

- Conduct assessment through questionnaire, workshops and assessment tools
- Gather information and determine which apps are candidates for containerization

Discover Application

- Assess system architecture, technology stacks, frameworks and runtime
- Evaluate dependencies on 3rd party products, libraries and databases
- Identify application network dependencies

Define Scope of Work

- Identify deliverables, timelines, effort estimate and acceptance criteria
- Create high-level implementation plan
- Align on prerequisites for a seamless implementation

Implement App Containerization

- Setup AKS cluster
- Collaborate with developers in the containerization of application
- Implement build processes
- Adopt containerization best practices and orchestrate the application on AKS

Enable Team

- Conduct walkthroughs and retrospectives
- Deliver handover documentation to the relevant stakeholders for the ongoing successful operation and management of application

Biqmind provides specialist services and software tools to accelerate cloud native software development through technologies including Biqmind CAPE, Kubernetes, and leading container platforms such as Red Hat OpenShift and Azure Kubernetes Service. We are a Microsoft Gold Partner, Red Hat APAC Business Partner for Professional Services and Cloud Native Computing Foundation (CNCF) Silver Member. We are also one of the first partners to be invited to participate in the Microsoft Cloud Native Acceleration Program.
